WHEN IN NEED OF ROSES SEND TO HEADQUARTERS.

Visitors Are Always Welcome.

We make the growing of Roses a specialty, and carry an immense stock of them, having **TWO MILLION ROSE PLANTS ON HAND NOW**, every plant of which has been grown within the year. You are invited to inspect this stock. Our aim is to give value for value. We wish to merit the full confidence of every customer we have. It is this method of dealing that has built our trade up in the few years we have been in business, until today we handle more Roses and Plants than any two firms in the United States. We have 65 large greenhouses filled to overflowing with choice Roses, Plants and Bulbs of all kinds. Correspondence on large orders solicited.

OUR TERMS OF SALE

RESPONSIBILITY.—All goods are sold f. o. b. cars Springfield, Ohio. After goods leave our Nurseries and have been accepted by transportation company they are considered to be the property of the purchaser and we will not be responsible for any delays or damage while in transit.

SUBSTITUTION.—Under no circumstances will we substitute unless privileged to do so by purchaser.

UNKNOWN CORRESPONDENTS.—Orders from unknown correspondents must be accompanied by the cash, or satisfactory reference. If ordered sent C. O. SHIPPING FACILITIES.—Having the rival express companies—Adams, American, National, United States and Wells Fargo & Co.—these companies charge one through tariff rate over their own lines and over all other express company lines, thus insuring you the lowest possible one through rate without the usual custom of charging two or more local rates where goods are handled by two or more express companies.

NEW LOW EXPRESS RATE.—We call your attention to the new low express rate, which is a reduction of 20 per cent. from the regular merchandise rate at which plants have been expressed heretofore, and also that packages of less than 100 pounds are billed at 100-pound rates. The express charges do not have to be prepaid to secure this reduction.

PLANTS PREPAID BY EXPRESS. TO PATRONS.—In California and other far-off points we make a specialty of packing plants so as to make the expressage light, the expressage when prepaid being eight cents per pound. So, if you wish to avoid expressage, when the rate is high, add one-fifth additional to your remittance, and we will prepay same through to destination.

PLANTS BY EXPRESS.—All goods are sent by express unless otherwise ordered.

PLANTS BY FREIGHT.—Perishable plants sent by freight are at the risk of the purchaser.

NEW ROSES

Growers Interested in New Roses
should give the following a trial.

Alliance Franco-Russe.

(Tea.) Flow-
ers a bright
yellow, shad-
ing to salmon

at the center; bright and pleasing, has a strong, upright stem and long bud; vigorous and hardy, and a free and continuous bloomer; very full. Try this grand Rose for yellow. The bud and bloom are both large; the form and color are simply perfection. No better deep golden yellow Rose than this one. **60 cents per dozen; \$4.00 per hundred.**

Admiral Schley. Red Burbank. — This is a new bedding Rose of great excellence, sent out by Mr. John Cook, of Baltimore, who has originated a number of our finest Roses. It is best described as a Red Burbank. A very free bloomer; it has come to stay, and will become a standard variety. **60 cents per dozen; \$4.00 per hundred.**

Aurora. (Tea.) The flower resembles in shape a high-built Chrysanthemum. The color is light pink. A very pleasing shade. This is a grand variety; fine for outdoor culture. **50 cents per dozen; \$3.50 per hundred.**

Bessie Brown. (Hybrid Tea.) A Rose of transcendent beauty, totally distinct, and one of the largest and fullest we have ever seen. It is erect and vigorous in growth, flowering profusely in the open ground all through the Summer. Color pure white, sometimes faintly flushed pink. Petals enormous and of shell shape. It is really marvelous that such large flowers can be so freely produced. Received gold and silver medal from the National Rose Society, England, and numerous certificates and prizes. (See cut on page 4. **60 cents per dozen; \$4.00 per hundred.**

Climbing Cecile Brunner. — In this fine Rose we have the exact counterpart of Madame Cecile Brunner, except that it is a rampant climber; flowers perfectly double and delightfully fragrant; color a rosy pink on a rich, creamy white ground; completely hides the bush when in bloom. **60 cents per dozen; \$4.00 per hundred.**

Countess Dusy. (Tea.) We have found this a most useful and beautiful general purpose Rose. Every florist who makes up design work should grow a quantity of this variety. It is dwarf in habit, extremely free and branching in growth, blooms in great profusion, and is pure white in color; the bud pointed, and the open flower of very large size. We strongly recommend this variety for market in pots, and also as outdoor border Rose, as well as for design work. **\$1.50 per dozen; \$15.00 per hundred.**

Climbing Clothilde Soupert.

Clothilde Soupert is one of the most popular Roses grown, filling a place all its own, and for which there is no substitute. The Climbing Clothilde has the same free, vigorous habit and strong constitution; it is extremely hardy, withstanding zero weather and producing its fine clusters in profusion. This promises to prove the most valuable climbing sport of any ever-blooming Rose. A fine companion for Crimson Rambler as an Easter forcing variety. See cut on page 4. **50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

Dr. Cazeneuve. (Hybrid Tea.) A new Rose of very great merit. It is the darkest colored flower of all the ever-blooming Roses, and can best be described as a rich dark crimson velvet. It stands in a class by itself. A vigorous, strong grower and free bloomer. Destined to become famous. **60 cents per dozen; \$4.00 per hundred.**

Dorothy Perkins.

Splendid New Climbing Rose. This valuable variety has been produced from seed of Rosa Wichuriana crossed with pollen from that fine old Rose, Madame Gabriel Luizet. It is of quite upright habit of growth, but retains the remarkable vigor of the seed parent, often making a growth of from ten to fifteen feet in a single season. In the important point of hardiness, nothing more could be desired, two unusually severe winters having failed to injure even young plants, although during one of them the temperature went as low as twenty degrees below zero and there was not the usual snow fall to protect them. In its foliage, growth, and habit of blooming in immense clusters, it is remarkably like Crimson Rambler, but the flowers are more double and of a beautiful shell pink color and hold a long time without fading; even after they commence to fade the color is still pleasing, being then a lovely deep rose. The petals are very prettily rolled back and crinkled. The buds are remarkably handsome, being pointed in shape and of just the right size for the button-hole. The flowers are very sweet-scented, a characteristic not possessed by most other Roses of the Rambler family. Will rival Crimson Rambler as a pot plant. See cut on page 5. **\$1.25 per dozen; \$8.00 per hundred.**

ALLIANCE FRANCO RUSSE.

Frances E. Willard **The Grand-est White Rose in Existence.** One of the startling new Roses of recent date. It has gigantic flowers with enormous magnolia-like petals; one of the handsomest and most effective of Roses and very distinct. The color is pure white; blooms are borne in great profusion on stiff stems with heavy foliage. Longer stems would rank this with American Beauty, but we recommend it to every Rose grower. In our local trade buyers have been carried away with its beauty, and are willing to pay a good price for the blooms. It was eminently fitting that we named this Rose in honor of the hallowed memory of the grandest of all women, Frances E. Willard, the great apostle of Temperance and Purity, the white Rose being the emblem of the society (W. C. T. U.) for which she gave her life. **75 cents per dozen; \$5.00 per hundred.**

Franz Deegen. **New Forcing Rose. A Seedling from Kaiserin.** This beautiful yellow Hybrid Tea is a fine grower, having dark leathery foliage and the good habit of throwing up numerous heavy canes, each one crowned by a glorious flower of large size. Composed of large petals; the outer petals are of about the color of Perle des Jardins; the inner petals a good orange shade, very deep and rich. It is a constant bloomer, opening its buds freely. A strong healthy grower, not subject to mildew. A very promising variety for forcing. Received six gold and silver medals in America during 1902. **\$1.50 per dozen; \$15.00 per hundred.**

Gainsborough. We are very proud to bring this fine Rose to the notice of all rosarians, be they amateur or professional. It originated with us four years ago, since when we have given it the most thorough trial, and we are fully convinced that for a hardly ever-blooming climber it has no equal, even eclipsing that grand variety Mrs. Robert Peary. For beauty and size we place this variety at the head of the Hybrid Teas. The foliage is an exact counterpart of its parent, Viscountess Folkestone. Its delicate colors are hard to describe, being delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it resembles a large, fine, white, fluffy pæony, but without a suggestion of stiffness, often measuring eight to nine inches in diameter. An enthusiastic admirer describes it as a Rose reminding him of a beautiful girl wearing a light colored Gainsborough hat, ornamented with white ostrich plumes. Hence the suggestion of its name. Be sure and try this grand Rose. **\$1.00 per dozen; \$7.00 per hundred.**

GRUSS AN TEPLITZ, or Greeting of Teplitz. (Hybrid Tea.) As a bedding Rose this is one of the finest and most useful varieties ever sent out. Many of our customers who bought it the past Spring are realizing its value and singing its praises. It will take rank with Hermosa or Soupert. The color is brightest scarlet, shading to deep, rich, velvety crimson. It is very fragrant. The freest grower and most profuse bloomer of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the younger growth being a bronzy plum color. A queen among scarlet bedders. It is a perfect sheet of richest crimson scarlet all Summer. It will undoubtedly supersede Agrippina, Queen's Scarlet and others of this class. See cut on page 5. **50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

BESSIE BROWN. See description and price on page 3.

CLIMBING SOUPERT. See description and price on page 3.

DOROTHY PERKINS.

See description and price on page 3.

Helen Gould, Or Baldwin. (Hybrid Tea.) This is probably the most beautiful and satisfactory Rose for general planting ever introduced in America. It has proved itself to be the strongest-growing, freest-blooming, largest flowering and hardiest Rose in existence. It is a better Rose for general planting than American Beauty—the dream and hope of every Rose grower for years past. The flowers are full and perfectly double, the buds beautifully made, long and pointed. The color is a warm, rosy crimson, like the color of a ripe red watermelon. It is as hardy as La France, and one of the best, if not the very best, Roses for Winter blooming. We have one hundred thousand fine plants now ready. **50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

Ivory, or White Golden Gate. (Tea.) Golden Gate has become so well known to all Rose growers as an extremely free forcing variety of the largest size, that all will understand what the new Rose Ivory is like, when it is described as a white Golden Gate, a sport from that variety. Its extraordinary freedom, large size, heavy canes, all tend to make it a valuable white variety for cut flowers. None better. See illustration on page 6. **50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

Killarney. (Tea.) Flowers large and beautifully formed, with enormous petals; buds as long as Niphetos. Color salmon pink, deepening to rosy pink. Very free flowering, extra fine. **60 cents per dozen; \$4.00 per hundred.**

Lady Battersea. (Hybrid Tea.) This variety has long, pointed buds of the largest size, and very striking in form. The color is bright cherry crimson, often approaching the shade of Liberty. The stems are stiff and extremely long; a vigorous grower and free in bloom; early in the season the flowers are not very double, but on strong plants the blooms are well filled. An unusually promising bedder. **75 cents per dozen; \$5.00 per hundred.**

Lady Mary Corry. (Tea.) An exquisite decorative Tea Rose, growth vigorous and erect branching habit, fine large bold flowers of perfect build and very freely produced, color deep golden yellow, delightfully tea-scented. **50 cents per dozen; \$3.50 per hundred.**

Meta. This is a grand, high colored variety. It has all the different shades of color, with a few additions, that Luciole has. Coppery yellow, suffused with pink and crimson. **50 cents per dozen; \$3.50 per hundred.**

Lady Clanmorris. (Hybrid Tea.) Perfectly distinct. A splendid Rose of very robust growth and free branching habit, flowers continuously and freely throughout the season. Blooms very large and of good form; petals large, smooth, and of great substance. Creamy white, with delicate salmon center; edge of petals margined pink. **50 cents per dozen; \$3.50 per hundred.**

Madame E. Duranthin. This is one of the most unique colored Roses in existence. It combines the delicate shades of Princess Beatrice with the more ruddy coloring of Madame Margottin. This is indeed a beauty. **60 cents per dozen; \$4.00 per hundred.**

Madame Antoine Rebe. (Tea.) Has long buds which open readily into bright red flowers; a seedling of Princess Sagan. Received first-class certificate. Very free in bloom. **60 cents per dozen; \$5.00 per hundred.**

Mme. E. Perrin. (Tea.) Has an enormous bud, flower very large, apricot, shaded yellow; the petals are shaded with cream and frequently come peach blown color. A grand variety, showing marvelous coloring. A Rose that has come to stay and take its place well up to the front. **\$1.00 per dozen; \$8.00 per hundred.**

Mrs. B. R. Cant. (Tea.) A fine garden variety of even shade of salmon rose, round and full. the form of a good Hybrid Perpetual. A very free grower and free bloomer. It flowers as continuously and as freely as a China Rose, and is especially fine in Autumn. **75 cents per dozen; \$5.00 per hundred.**

Noel Jourdain.

(Tea.) Flowers of medium size, beautiful imbricated, in color a clear yellow, shading to golden yellow with touches of China Rose; an elegant new Rose. **\$1.50 per dozen.**

Perle Von Godesburg.

(Hybrid Tea.) This is the yellow sport from Kaiserin Augusta Victoria, identical in all points save color. It is a beautiful Rose, but the color is variable, coming almost as light as Kaiserin at certain seasons of the year. **\$1.50 per dozen.**

Primula.

(Polyantha.) A very showy, low-growing little bush, completely covered with cup-shaped flowers, semi-double, which are china rose at the edges and snow white in the center. The arrangement of the colors reminds one of the Chinese Primrose. A pretty bedding plant. **75 cents per dozen; \$5.00 per hundred.**

Prince of Bulgaria.

(Hybrid Tea.) A very vigorous grower, with large, bright green foliage, beautiful in form of bud, flower very large and full. The outer petals are extremely large, of superb rosy flesh color, very fine and very free. First prize at the Paris Exposition. Very much like a superb Carnot in form. **\$1.00 per dozen; \$8.00 per hundred.**

Philadelphia Rambler.

It differs from the Crimson Rambler in three important points: The color is deeper and more intense, the flowers are perfectly double to the center, very durable and of fine substance. The blooms are almost entirely free from the faded look often found in Crimson Rambler. It is very free in both growth and bloom, and will be found a splendid addition to the Crimson Rambler section. See cut on page 7. **\$1.00 per dozen; \$7.00 per hundred.**

Queen Alexandria.

(Of Crimson Rambler Type.) Very much like Crimson Rambler in growth, with pink blooms. Received the Gold Medal of the National Rose Society in England, and has received the highest commendations of the English press as a worthy companion for Crimson Rambler, is a beautiful shade of rose pink. Has the true Rambler foliage and growth. **75 cents per dozen; \$5.00 per hundred.**

Red Chateauf.

(Hybrid Tea.) This is a new Rose of decided merit. May best be described as a Red Chateauf, which it resembles in all of that Rose's best qualities, but is much deeper in color. Extra fine. **\$1.50 per dozen; \$10.00 per hundred.**

Souv. de Pierre Notting.

(Tea.) This variety is a seedling of M. Niel and Maman Cochet, with beautiful closely set foliage and a strong, sturdy habit of growth. The bloom is very large, perfectly full, of elegant form—has a beautiful long bud; the colors are very bright, distinct and clear, and have no unpleasant tones—orange yellow, bordered in carmine-rose. Promises to prove very popular. Has received not less than six gold medals and prizes. **\$2.00 per dozen; \$15.00 per hundred.**

Sch eewitchen.

(Polyantha.) A profuse blooming white Polyantha, flowering in large clusters; has a beautiful center of yellow stamens; blooms small and dainty. **\$1.00 per dozen; \$8.00 per hundred.**

NEW FORCING ROSE, IVORY. See description on page 5.

Rosomane Graveraux.

(Hybrid Tea.) This variety is of the general style of Pres. Carnot, with an enormous long bud producing a very large double open flower carried on a long stiff stem; the petals are very large. Color silvery white with reverse of rosy flesh. Very fragrant and very free. **75 cents per dozen; \$5.00 per hundred.**

Saxonia.

(Tea.) An improvement on Golden Gate, and like it a strong grower and great producer of canes; the color is white, edged bright rose, quite distinct; this variety is well worth a trial as a forcer. **\$2.00 per dozen.**

Silver King.

(Hybrid Tea.) This new Rose is a beauty indeed. In fact, to see a bed of it in bloom is absolutely startling, it is so grand and beautiful. The bud and flower are of the largest size when fully expanded, cup-shaped, full and double, but the petals are so arranged as to not crowd one another. The color is a clear shell pink, so exquisite as to resemble the delicate, soft pink seen in deep-sea shells. It is very fragrant. A true ever-bloomer and hardy everywhere. This is the grandest of all light pink Roses. Be sure and try this Rose. See cut on page 7. **\$1.00 per dozen; \$7.00 per hundred.**

Sunrise.

(Tea.) This has made a sensation in England and taken first honors wherever shown. Is now planted by all the prominent Rose forcers. In close bud form it shows the high, brilliant colors seen only in the Austrian copper, scarlet and yellow. As it opens the color deepens, the scarlet turning darker red, the yellow to orange and copper, inside of petals golden yellow. The open Rose is large, perfectly double and of grand form. Foliage glossy and thick, new growths being darkest and most beautiful found among Roses. **75 cents per dozen; \$5.00 per hundred.**

Winnie Davis.

(Hybrid Tea.) This excellent Rose was raised from seed, being a cross between the famous

Empress Augusta Victoria and the well-known Belle Siebrecht. The color is apricot pink, shading to a flesh tint at the base of petals, buds oblong and well formed, when fully expanded resembles a sunburst, most peculiar and most strikingly beautiful. Its habits are vigorous and robust, very free blooming, each eye producing flowers; foliage leathery, reddish green, glossy and very large; also has the disposition of throwing up vigorous shoots from the roots, producing three to eight blooms, its peculiar fragrance like luscious apricots. For the Middle and Southern States we claim the Winnie Davis to be an acquisition second to none introduced in recent years. Strong, thrifty plants, two and a half inch pots. **60 cents per dozen; \$1.00 per hundred.**

Yellow Cochet. Or Madame
Derepas Matrat.

(Tea.) A pure Tea Rose, very free-growing and hardy in character, withstanding ten degrees below zero. It throws up fine, strong stems, crowned by solitary buds of grand size; the color is a good sulphur-yellow, blooms very large, perfectly double, splendid form and freely produced. It has every quality necessary to make the ideal yellow bedder, ranking with the White and Pink Cochet in value as a Summer Rose. See cut on page 8. **\$1.50 per dozen; \$15.00 per hundred.**

PHILADELPHIA RAMBLER.

SILVER KING. See description on page 6.

Adam. (Tea.) Bright, flesh salmon rose, large and double. An old standby that has been grown for years, and has not been superseded by the newer varieties of its color. **50 cents per dozen; \$3.00 per hundred.**

Apricot. See *Souvenir de Elise Var-don.*

Admiral Dewey. (Hybrid Tea.) In color this is among the most beautiful of pink Roses, a delicate daybreak blush, clear and distinct and very captivating, nothing weak or washy in color. It is a sport from Madame Caroline Testout, is more vigorous in habit and a very free bloomer. Like Testout, the flowers are very perfect in form, a little lacking in fullness when fully expanded; forces finely and is very fragrant; a fine cold weather Rose of enormous size. **50 cents per dozen; \$3.50 per hundred.**

Agrippina. Brilliant, fiery red. Good bedder; an old-time favorite. **50 cents per dozen; \$3.00 per hundred.**

Antoine Verdier. Large, beautiful flowers, bright, glowing pink, beautifully shaded rich crimson, very full and sweet, immense bloomer, fine for bedding. **50 cents per dozen; \$3.00 per hundred.**

Aline Sisley. This is a splendid, free-flowering, strong-growing, dark colored Tea, and beyond a doubt one of the most satisfactory varieties for open-ground culture, where it grows to perfection. The flowers are very large, full and double. The color is a rich, rare shade of violet red, brightened with crimson maroon. The fragrance is exceedingly sweet, and more pronounced than is found in most Teas. It blooms with wonderful freedom. A grand red variety, and one we think a great deal of. **50 cents per dozen; \$3.00 per hundred.**

Antoine Rivoire. A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy flesh, on a yellow ground, shaded with a border of carmine; flowers five inches in diameter. A remarkable variety of great worth. **50 cents per dozen; \$3.50 per hundred.**

Anna Ollivier. A strong, vigorous grower, succeeding in almost any situation; indeed, we believe this to be one of the best varieties—old or new—for general cultivation. The flowers are extra large, with a full, double form and splendid substance; color lovely creamy blush (buff) shaded with deep carmine, beautifully tinged and edged with silvery rose; very fragrant. Good in every way. **50 cents per dozen; \$3.00 per hundred.**

Arch-Duke Charles. Crimson scarlet, changing to silvery pink, beautiful. **50 cents per dozen; \$3.00 per hundred.**

Andre Schwartz. "Ever-Blooming Jack." Since its introduction this Rose has been known as the "True Tea Jacqueminot" because of its striking resemblance to that famous variety. The flowers are beautifully made, being large, full and of excellent substance. The color is brilliant, glowing scarlet, passing to rich crimson, very bright and strikingly beautiful. It is a strong, sturdy grower and a constant and profuse bloomer. It cannot be surpassed in open ground. **50 cents per dozen; \$3.00 per hundred.**

Bridesmaid. The pink sport from Catherine Mermet. It is a stronger grower than its parent, has handsome foliage, is shorter jointed and the flowers are a much livelier pink. A grand variety, and the most popular pink Rose ever introduced, and the best seller. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

YELLOW COCHET.

See description and price on page 7.

Bardou Job. The Saucier Rose. This is not, strictly speaking, a new Rose, but its merits have only been discovered in the past few years. It is scarce, and will be for some time to come. It is quite vigorous and strong. The foliage is large and leathery, the flowers are very large, and resemble a saucer in shape, semi-double. The color is the deepest, richest velvety crimson of all Roses. We know of nothing in the Rose family so rich in color. A well-grown bunch of these Roses will startle you. **50 cents per dozen; \$3.00 per hundred.**

Bon Silene. Grown by every florist for its highly colored buds. Dark crimson rose, often changing to crimson. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Bougere. A Grand Garden Rose. Anyone who has seen this grand old sort growing in open ground will agree that it deserves the brightest words of praise we can give it, having been introduced in 1832. Since then it has been tried and found to be of rare value for general planting. The flowers are unusually large, deep, full and double. They are supported on long, stiff stems, and are produced in bountiful abundance throughout the growing season. In color they are bronze rose or violet crimson, delicately shaded with lilac. Exceedingly sweet. Remarkably hardy. **50 cents per dozen; \$3.00 per hundred.**

Beauty of Stapleford. Color a clear, bright pink, shading to a bright, rosy crimson. It makes large and beautiful buds and is a constant and profuse bloomer. **50 cents per dozen; \$3.00 per hundred.**

Augustine Hale m.

One of the prettiest and sweetest of all red Roses. It is a beauty. 50 cents per dozen; \$3.00 per hundred.

Burbank.

A Perfectly Hardy, New, Ever-Blooming Rose. This lovely Rose was raised by Mr. Luther Burbank, of California, known the world over as the "Wizard of Horticulture." The color is described as cherry crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during the Winter. It is a strong, vigorous grower, making well rounded bushy plants. The Burbank Rose is perfectly hardy, and will stand our most severe weather. The Burbank is, without doubt, the freest-flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double, three inches across. The whole flower is most pleasing in its rich beauty, and is delightfully fragrant. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

BEAUTE INCONSTANTE.

A Most Wonderful Rose.

This new ever-blooming Rose from France is very remarkable in many respects, but the most notable is its ability to change its color. We have seen bunches of this wonderful variety bearing at the same time coppery yellow, deep rose, bluish pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful Rose when in full bloom presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and, as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and its being a vigorous grower makes it valuable for garden culture. This Rose produced a sensation wherever seen, and will, without doubt, head the list of charming novelty for years to come. 60 cents per dozen; \$3.50 per hundred.

Catherine Mermet. (Tea.) A beautiful, clear flesh color, with the same silvery luster seen in La France. Large, full, well formed, very beautiful in bud. Still one of the finest and best forcing Roses. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Caroline Marniesse. A Grand Bedding Rose. A hardy Rose introduced in 1849 that is always in bloom. As a bedding Rose this variety has no equal. It is literally a continuous bloomer. When other Roses show only scattering blossoms, or none at all, the rows of Caroline Marniesse are a perfect mass of flowers. The blossoms are bluish white, small but full, and borne in very pretty clusters. The bush is low-growing, about eighteen to twenty-four inches, and especially adapted for a border. It is entirely hardy, having withstood, unprotected, a temperature of twenty-five degrees below zero without the least injury. 50 cents per dozen; \$3.00 per hundred.

Champion of the World. It is quite hardy, and possesses that delicious, old-fashioned rose fragrance so much sought after in an ever-blooming variety. For a pot Rose it has no equal. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Christine de Noe. Double Papa Gontier. The buds are long and finely pointed, the color a clear, rich maroon or deep purplish red, passing to lake, center sometimes streaked silvery white. Petals finely imbricated and the flowers deliciously sweet. More valuable than Papa Gontier, as fine a color, forces as well, has a larger bud, and is perfectly double. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

BEAUTE INCONSTANTE.

Charles Rivoll. (Tea.) Color brilliant carmine shading to silvery peach; very delicate and beautiful. 50 cents per dozen; \$3.00 per hundred.

Clothilde Soupert. Its color is a pearl white, with a vivid carmine rose center, which fades after a little, leaving the Rose almost white. It is a constant bloomer, quite fragrant, and cannot fail to be a splendid market plant for growing in pots for Spring sales. In addition to its suitability for market purposes, it will be very useful to the cut-flower worker, forming, as it does, nice sprays of open flowers and half open buds. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Clara Watson. A free-blooming Tea Rose of English origin with many distinct features. The flowers are very graceful, resembling Bridesmaid in form, and are produced in remarkable profusion. For freedom of bloom this variety is especially valuable. The buds are very beautiful, and are supported on long stems, making it desirable for cutting. The color is salmon pink, very difficult to describe. Will take a place among the best Roses. 50 cents per dozen; \$3.00 per hundred.

Comtesse Riza du Parc. (Tea.) Coppery Rose, tinged and shaded with soft blush. This beautiful Rose has many admirers. 50 cents per dozen; \$3.00 per hundred.

Cornelia Cook. (Tea.) The flowers are of the clearest, snowiest white, and arranged in the most faultless and symmetrical manner. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Coronet. The sweetest, largest and freest-blooming Hybrid Tea Rose in cultivation. No description or illustration can do justice to the remarkable beauty and splendor of the flowers. They are grand in every way, it blooms steadily, bearing in unbroken continuity, on good, stiff stems, magnificent large flowers that frequently measure from four to six inches in diameter. The form is full, deep and wonderfully double. It is full to the center, and when entirely open the flowers do not look unlike Paeonies. This resemblance is made all the more striking by the peculiar color, which is absolutely unlike any Rose we know. In the bud the color is a deep, rich carmine, which, as the flowers open, lightens to a soft, clear pink, with each petal distinctly edged with silvery gray. The effect is beautiful. The fragrance is simply delicious. The flower and foliage resembles Paul Neyron, while in vigor of growth the Bon Silene blood is shown. It is a strong, healthy grower, forming a compact bush. In the open ground, where it is hardy, it does splendidly, commencing to bloom early in the season and continuing until severe freezing weather. Slight protection during Winter will be beneficial. Probably the most valuable and satisfactory Rose for general cultivation sent out for many years, and people who plant it will make no mistake. **75 cents per dozen; \$5.00 per hundred.**

Douglas. Dark cherry red. Rich and velvety, very fine. An old-time favorite with many. **50 cents per dozen; \$3.00 per hundred.**

It is in color an orange yellow, after the style of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds borne on long stems, and will produce more buds than any Rose we know of. It colors up much deeper and richer in cloudy weather, which will make it a useful Rose for Winter forcing. The color is so peculiar and rich that it attracts attention wherever seen. Try it. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Golden Gate.

The Great Forcing Rose. This variety, while not new, has recently attracted considerable attention, and is considered by many one of the most valuable Winter-flowering Roses now grown. It does best in a temperature that grows fine Bridesmaids. Under favorable conditions its shapely blooms are often as large as American Beauty, and are borne on strong heavy canes, stiff as reeds. When well grown it is of exquisite color—shell pink, shading to creamy flesh on outer petals. This Rose has been grown quite largely in the vicinity of Washington, where it has been received with great favor. It is a favorite with both grower and retailer, and commands the highest prices of any Tea Rose. See cut on page 12. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Helene Cambier.

(Hybrid Tea.) This lovely coppery yellow Hybrid Tea Ever-blooming Rose will fill a long-felt want, from the fact that everybody has been looking and longing for a good yellow Rose that combines vigorous hardiness with rich color and free-blooming qualities. This Helene Cambier does. It is a new Rose of French origin, destined, we believe, to find a prominent place among the highest grade ever-blooming Roses, both for Summer and Winter blooming. The growth is free and vigorous, very free blooming, flowers of splendid substance and a delightful shade of deep, rich, coppery yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden yellow, with light orange tints, while the older petals lessen to lemon yellow giving a combination of tints and tones unequalled in their beauty. Without question this is a charming Rose for the garden. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

Henri M. Stanley.

This is one of the grandest of all Roses. It is a strong, vigorous grower, producing buds and flowers of enormous size. Color pure white. We have no hesitancy in saying that this Rose is unequalled by any other variety of its color. It is a grand Winter bloomer, and is largely forced for cut flowers. A grand garden Rose on account of its vigorous growth and hardiness. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

La France. (Hybrid Tea.) No variety can surpass it in delicate coloring—silvery rose shades, with pink. It has a satin sheen over all its petals. It is universally regarded as the most useful of Roses, for it is hardly beyond question. It blooms continuously. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

La Princess Vera.

(Tea.) A Splendid Outdoor Rose. During the past season we had in our trial grounds several hundred varieties of Roses. For strong, clean growth, freedom and constancy of bloom and beauty of flower and color, this variety was one of the few selected as the best. Without doubt this is a grand Rose for general planting, particularly for bedding in the open ground. The flowers are large, finely made and open beautifully. When fully open there appears to be a flower within a flower, so perfect is the form. The color is rich ivory white shaded and veined with fine coppery yellow, and delicately penciled with pale blush. A truly grand and beautiful Rose, and one that by virtue of its great excellence ranks among the best in cultivation. It is certainly a La Princess in fact as well as in name. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Lady Dorothea.

(Tea.) The Greatly Improved Sunset. One of the most beautiful of Roses. Color hard to describe, but perfection in tint. It is a sport from Perle des Jardins, and is a lovely mingling of pink and tawny buff. A warm, bright color, but lacking the coppery red found in Sunset. A very distinct and valuable variety. The finest of the Perle family. Foliage as handsome as the flower. A fine forcing variety. **60 cents per dozen; \$4.00 per hundred.**

Madame Abel Chatenay.

(Hybrid Tea.) Forcing Rose. The celebrated Rose which the Washington, D. C. society people have used almost exclusively during the past season in their social events. This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy rose, shaded with rose vermillion and tinged with salmon. The base of the petals is very highly colored, being a combination of the foregoing shades strongly accentuated. This will undoubtedly make a fine garden Rose because of its substance and hardiness. The flowers are borne on long stems so that it is exceedingly well adapted for vases or cut flowers. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

GOLDEN GATE, THE GREAT FORCING ROSE. See description and price on page 10.

Madame Caroline Testout.

(HYBRID TEA.) See Illustration on First Cover Page.

We grow more of this Rose than the balance of the country combined.

Probably no Rose stands higher in public estimation today than La France, and when we say this elegant new Rose is a close counterpart of La France, we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than La France, but it is decidedly deeper and more brilliant in color and a larger flower, and is as good in other ways. It is a wonderful Rose. The petals are large, and of elegant La France form; exquisitely edged and bordered with clear silver rose. Both flowers and buds are extra large and of very elegant form; color is brilliant satiny rose, deepening in center to clear red. It is of excellent substance, keeps its color well, and its splendid, large, globular flowers impress everyone with a sense of its superiority and great beauty. This rose is particularly in great demand at Portland, Oregon, and all along the Pacific coast. We sold forty thousand of this Rose the past season. **50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

Madame Camille (Tea.) Delicately rosy flesh, flushed with salmon shades. A fine Rose for the amateur to cultivate, as it is a strong grower, with flowers of the largest size and not liable to disease. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Madame Caroline Kuster. (Tea.) A strong, vigorous grower with long and beautiful. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Madame de Vatry. (Tea.) One of the brightest Roses. We consider this splendid variety to be one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. In New Orleans it is a prime favorite. It makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery peach—reminds one of the delicate hues seen on the inside of the fairest deep sea shells—rosy flesh bathed in golden amber, broad, shell-like petals, bright and beautiful. In every way a fine Rose. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Madame de Watteville. (Tea.) Color a beautiful creamy yellow, tinged with rosy blush, large shell-like petals, having bright crimson-shaded border. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

MRS. ROBERT GARRET.

(Hybrid Tea.) A beautiful large Rose of exquisite shape, finish and blending of colors. The flowers are very large and on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles *Souvenir du President Carnot*, being very much larger, color a glowing shell pink, very deep in the center; the fragrance is delicate and pleasing. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

Madame Elie Lambert. (Tea.) The color is somewhat in the way of *Madame de Watteville*, but deeper. Rich creamy white, faintly tinted with pale golden yellow, and exquisitely bordered and shaded with soft, rosy flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer. A magnificent Rose in every way. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Madame de St. Joseph. (Tea.) Changing to salmon or fawn. Very desirable. **50 cents per dozen; \$3.00 per hundred.**

Madame Honore Defresne. (Tea.) A valuable and exceedingly beautiful variety; flowers a clear, golden yellow, very large, full and sweet; buds long and pointed, opens well. First-class in every way. Probably the richest yellow Rose ever grown. **50 cents per dozen; \$3.00 per hundred.**

MRS. ROBERT GARRET.

MAMAN COCHET. THE PINK COCHET.

Maman Cochet.

(Tea.) The Pink Cochet. No finer Rose than this. This Rose attracted our attention from the very first time we saw it in flower. It comes from France—the country that has produced nearly all of our best Roses. We are not alone in our admiration of it, as all the visitors to our establishment the past season have been unstinted in its praise. It is a vigorous grower, with beautiful, pretty foliage. In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. It is of the largest size, and, you will notice, the flower is built up or rounded and very double. The color is a deep, rosy pink, the inner side of the petals being a silver rose, shaded and touched with golden yellow. We pronounce this the finest Rose by far that has been introduced from France in the past five years. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers. Indeed, nothing in the Tea family approaches it in size. Deliciously fragrant. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Madame Hoste. (Tea.) It possesses all the requisites of a first-class Rose, viz., strong, vigorous growth, large, well formed buds, freely produced. We believe this Rose to be one that will continue to assert its claims until it is as generally grown as *Perle* or *Niphetos*. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Madame Jules Grolez. (Tea.) An exceedingly free-blooming variety, with very bright, large, full, finely formed flowers. Superb and worthy of a page description. Color a distinct and charming shade of satiny pink. This is a winner! 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

Madame Olga. (Tea.) This is a grand Rose. Large flower, color white, tinged canary yellow. Very desirable. 50 cents per dozen; \$3.00 per hundred.

Madame Joseph Schwartz.

(Tea.) A most useful variety for pot culture, and in every way desirable for market purposes. Good bedder, color white, beautifully flushed with pink. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Madame Lambard.

(Tea.) Color a beautiful shade of rosy bronze, changing to salmon and fawn, shaded with carmine, buds and reverse petals a deep, rosy crimson. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Madame Margottin.

(Tea.) An Old Favorite. A famous Rose of the most distinct and beautiful type. Flowers very large, full and double, borne profusely. Color dark citron yellow, bright red center. A strong grower and a remarkably fine Rose in every way. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Madame Pernet Ducher

Or Yellow La France. (Hybrid Tea.) A good, well-formed bud, quite long and of distinct shape and form. Color a light canary yellow. The first distinct yellow Hybrid Tea. Of strong, good, robust growth. 50 cents per dozen; \$3.00 per hundred.

Madame Welche.

(Tea.) A Beautiful Rose. The flowers have great depth and substance, and are of fine globular form, with broad, thick petals, and large, finely-shaped buds. This color is a beautiful shade of soft amber yellow, deepening towards the center to orange or coppery yellow, delicately tinged and clouded with a pale, ruddy crimson. Both flowers and buds are remarkably sweet. It is fine for the conservatory, and none better for the open ground. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Madame Schwaller.

(Hybrid Tea.) The color is a bright, rosy flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are excellent for cutting. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Madame Scipion Cochet.

(Tea.) Color a soft primrose yellow, with rose shadings. Deliciously sweet scented and very unique in the size and shape of its buds. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Mademoiselle Francisca Kruger.

(Tea.) It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Mademoiselle Cecile Berthod.

(Tea.) Most beautiful, both in bud and flower, which is deep golden yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is evidence of how we prize it. Altogether a grand Rose, and always in bloom. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Marie Guillot.

(Tea.) We consider this variety the equal, if not the peer, of any Rose of its color in cultivation. A trial will convince anyone that this endorsement is not extravagant. The flowers are full and extra large, very double and sweet scented; has many rivals, but no equals for open ground cultivation. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Marie Ducher.

(Tea.) One of the old varieties of Roses that has as yet held its own against all comers. The color is a rich salmon with fawn center. 50 cents per dozen; \$3.00 per hundred.

Marie Louise.

(Tea.) While this is not a new variety it is the first time catalogued under this name. It is the old Aurora, but in New Orleans and throughout the South it goes under the name of Marie Louise, and as we have a new Tea Rose of that name, we will henceforth catalogue it as Marie Louise. It is probably the best pink or flesh-colored Rose, being a strong branching grower. Flowers of large size and extremely profuse in its blooming. 50 cents per dozen; \$3.00 per hundred.

METEOR.

(Hybrid Tea.) A velvety red ever-bloomer of the deepest glowing crimson, as fine as a hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. The best rich red Rose for the garden ever introduced. Our correspondents from California say that the flower of the Meteor equals General Jacqueminot, and will produce fifty flowers to Jacqueminot's one. This is unquestionably the best dark velvety red Rose yet produced. Grand, both in bud and in flower. It has our highest commendation. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Marion Dingee. (Tea.) Marion Dingee promises to be of extraordinary value. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick, deep green leaves. The flowers are large, beautifully cup-shaped, moderately full, and borne in wonderful profusion all through the growing season. In fact, we scarcely know of any other Rose that will produce so many perfect flowers in a given time, and whether in open ground or under glass it is a most constant and profuse bloomer. The flowers are borne nearly upright, on long, straight stems, and are of excellent substance, having thick, leathery petals, holding their form and color a long time. The color is, perhaps, the most remarkable feature. It is a deep, brilliant crimson, one of the darkest, if not the very darkest and richest colored Tea Rose in existence, and we have no hesitancy in asserting our belief that it is the finest crimson Tea Rose now known. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

Marie Van Houtte. (Tea.) Pale yellow, edges of the petals often lined with rose, well formed, fragrant and of good habit. Very free blooming, and in every respect a charming sort. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Mrs. Degraw. (Bourbon.) Bright coral pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; quite hardy; strongly resembles the Champion of the World. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Mrs. Mawley. (Tea.) This grand variety embodies so many good qualities that it is difficult to describe it. We could say no more in its praise than to say it is like Maman Cochet, only several shades lighter in color. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Marquise de Viviers. (Tea.) Here we have a beauty indeed. The flowers have a great depth and substance, and are of fine globular form, with broad, thick petals and large, finely shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose, and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored and blooming without cessation. It would be difficult to imagine a more lovely Rose. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

Marechal Robert. (Tea.) One of our best Roses. Pure white, tinged and shaded with rosy blush and lemon. **50 cents per dozen; \$3.00 per hundred.**

Maurice Ravier. (Tea.) Pink, shaded buff and crimson, with border of white. This is an elegant garden Rose and should be more generally planted. **50 cents per dozen; \$3.00 per hundred.**

Maid of Honor. (Tea.) **The Brighter Bridesmaid.** Advertised as Miss Clara Barton. This grand sport from Bridesmaid originated with the Hoffmeisters, of Ohio. They say of it: "After rigid tests, during the last two years, we are able to state—1st. That its color is a rich, glowing pink, darker than Bridesmaid. 2d. That it is an excellent keeper, and sells over the counter better than Bridesmaid. 3d. That it is a most prolific bloomer, with all perfect buds." **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Mosella. **Yellow Soupert.** Mosella is a stronger grower, flowers are a little larger than Clothilde Soupert, but appear the same way in clusters and on single stems. The color is a chrome yellow in the center, getting creamy white on the edges of the petals. It will make a great bedder and perfectly hardy. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Monsieur Furtado. (Tea.) Deep sulphur yellow, described by Mr. Ellwanger as the best yellow pot Rose. It should be grown more largely, as it is excellent. Try it. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

METEOR.

Monthly Cabbage. A Grand Hardy Rose. We doubt if there is one person in a thousand that was raised in the rural districts or in the small towns back in the fifties or sixties that does not remember the old Cabbage Rose of our mothers' and grandmothers' gardens. They could hardly keep house without one or more of this favorite Rose planted in their yards. The old-fashioned Cabbage Rose bloomed once a year, in June. The Monthly Cabbage Rose is a continuous bloomer all through the Summer. The color is bright pink, lovely both in bud and open flower, both being large and double to the center. The fragrance is a true damask scent and is simply delicious. A Grand Rose. **50 cents per dozen; \$3.00 per hundred.**

Muriel Graham. (Tea.) The latest addition to the Mermet family, being a sport from that fine variety, identical with it in everything except color, which is creamy white, suffused with delicate pink. A color intermediate between Mermet and Bride, and as dainty as possible to imagine. A nice addition to our forcing varieties. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Medea. (Tea.) Flowers a bright lemon, with canary yellow centers. Very full buds with high centers, foliage dark and thick in color, like Perle. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Niphetos. Immense Long Buds. This still holds the lead as being the most elegant white Rose. The buds are three inches long. It is positively startling in size and purity, and is always scarce. 50 cents per dozen; \$3.50 per hundred.

Ophelia. (Tea.) This is a lovely white Rose of vigorous growth and is known locally through the South under various names. It is a rose of decided merit. 50 cents per dozen; \$3.00 per hundred.

Papa Gontier. (Hybrid Tea.) The blooms are large and long, with thick, broad petals of dark carmine crimson. The inner petals are a bright rosy carmine, and light up well at night. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Perle Des Jardins. (Tea.) Canary or golden yellow, flowers large and beautifully formed. Handsome in every stage of development, from the smallest to the open bud. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

Pink Soupert. A very fine Polyantha in the way of Clothilde Soupert, except color, which is a bright, clear pink. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Pierre Guillot. (Hybrid Tea.) A bright, dazzling crimson, passing to brilliant carmine. Flowers large, very double and full, and highly scented. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

Princess Sagan. (Tea.) A strong growing Rose, with small, closely set, dark foliage, and medium sized flowers of the brightest scarlet and velvety texture. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Queen Olga of Greece. (Tea.) Soft, rose-pink center shaded with yellow; edges of petals slightly paler; large, not very full, but of good shape. Very bright. A good bedding Rose. 50 cents per dozen; \$3.00 per hundred.

Queen's Scarlet. (China.) This is, without doubt, the very best of all red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. None better. Try it. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Red Hermosa. (New) This is an exact counterpart of the old Pink Hermosa, except in color, which is a brilliant red. It possesses all the good qualities of Pink Hermosa, and its color will add an elegant and valuable sort to our list of varieties for pot culture for the home or for market purposes. 60 cents per dozen; \$4.00 per hundred.

Rainbow. (Hybrid Tea.) A beautiful pink Rose, streaked with crimson. One of the leading cut-flower Roses in San Francisco. 50 cents per dozen; \$3.00 per hundred.

Safrano. (Tea.) A bright apricot yellow, changing to orange fawn. Very much esteemed. 50 cents per dozen; \$3.00 per hundred; \$25 per thousand.

Sanguinea, Or **Otaheite Rose.** (China.) This old-fashioned Rose has been practically ignored in the past twenty years, except in certain localities where its worth and beauty have been known. It belongs to the *Centifolia Muscosa* section of Roses and is the one Rose that is eminently adapted to house culture, as it thrives under almost any conditions and surroundings. It is the only Rose in our whole list that will grow luxuriantly and bloom freely under adverse conditions. The foliage is small and of a reddish cast, when growing rapidly. The flowers are semi-double, of the most intense velvety crimson, very bright and brilliant and freely produced. Besides its adaptation to house culture, it is grand for bedding out for a mass of bloom. It is employed in the East around Long Branch, Newport and the suburbs of all the large cities by the hundreds of thousands for this purpose. Be sure and try this Rose, either indoors or out. You cannot help but succeed with it. We guarantee our stock true. 50 cents per dozen; \$3.00 per hundred.

Souvenir De Jeanne Cabaud. We pronounce this to be without question one of the finest Roses in this book. It is one of the really grand varieties. The flowers are extra large, full, very deep and double; of great substance. It is perfectly shaped. Color superb, outer petals coppery yellow, center apricot and carmine. Simply grand. 50 cents per dozen; \$3.00 per hundred.

Souvenir De La Malmaison. (Bourbon.) Always in demand. Everyone's favorite, and never enough to go around. Fine for private grounds, cemeteries and parks. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

Souvenir De Elise Vardon. (Tea.) This is an old time favorite, and goes under the name of Apricot in the South; and in California under the name of Laurette. It is a grand rose, growing vigorously and blooming freely. Color Creamy white shaded with rose, 50 cents per dozen; \$3.50 per hundred.

SOUVENIR DU PRESIDENT CARNOT.

Souvenir Du President Carnot. (Hybrid Tea.)

With all our admiration for the host of beautiful Roses, this variety is so fascinating that we believe it to be everything considered, one of the greatest introductions of the last ten years. It is superb in every way. The flowers are large, full and double, exquisitely shaped, with heavy, thick, shell-like petals. The buds are wonderfully beautiful—long and pointed like Niphetos—perfection in every line. The color is a new, delicate rosy blush; shaded a trifle deeper at center of flower. Fragrance delicious, strong grower and free bloomer, has no weak point. Will become one of the most popular of all Roses. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

Snowflake. **Marle Lambert.** (Tea.) This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in the place of white Carnations for set pieces at an immense savings, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. 50 cents per dozen; \$3.00 per hundred; \$25 per thousand.

Sombreuil. (Bourbon.) Beautiful white, tinged with delicate rose. A very strong-growing border Rose, an old-time favorite. 50 cents per dozen; \$3.00 per hundred.

Souvenir of Wootton. (Hybrid Tea.) Color velvety red, equal to Jacqueminot. It is a double Rose, and is good in bud, half open, or fully expanded. Full, open flowers frequently six inches in diameter. A most excellent Rose. 50 cents per dozen; \$3.50 per hundred.

Souvenir de Catherine Guillot. (Tea.) Extra fine variety, producing a long, pointed bud of the color of the Austrian Copper. The open flower is large and full, and a wonderful combination of color. Very fragrant, and a free and easy grower. 50 cents per dozen; \$3.50 per hundred.

THE BRIDE.

Souvenir d'Un Ami. A fine, delicate Rose, shaded salmon. One of the best pink Roses, and a good variety to force. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Striped Malmaison, or Bertha Clavel. (Bourbon.) A striped sport from old Souvenir de Malmaison. Color a creamy white, with rose center, reverse of the petals striped violet and light rose. 50 cents per dozen; \$3.00 per hundred.

Striped La France, or Madame A. Veyssel. (Hybrid Tea.) A magnificent new Rose, identical in every respect with its parent, La France, except in two particulars—it is much stronger in growth, and the flowers are beautifully striped and shaded a delicate white. The coloring is exquisite, and we think this Rose will please cut flower buyers. It forces freely, and produces magnificent large buds and flowers. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

Sunset. The color is a remarkable shade of rich, golden amber, elegantly tinged and shaded with dark ruddy copper, intensely beautiful, and resembling in color a splendid "after-glow." 50 cents per dozen; \$3.00 per hundred.

The Bride. (Tea.) A lovely pure white, very fragrant Rose, admirably adapted for forcing. The buds have more substance than Niphetos, are very full and double, and possess the good characteristics of Catherine Mermet. 50 cents per dozen; \$3.00 per hundred.

THE QUEEN

(Tea.) It is pure snow white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet and has proven valuable, both for forcing and open ground planting. 50 cents per dozen, \$3.00 per hundred; \$25.00 per thousand.

Triumph de Luxembourg. (Tea.) This is an old-time favorite that has many admirers. The color is rosy carmine on buff ground; very desirable. 50 cents per dozen; \$3.00 per hundred.

Triomphe de Pernet Pere. (Hybrid Tea.) The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta red, sometimes passing to a bright crimson. Striking and beautiful. 50 cents per dozen; \$3.00 per hundred.

Viscountess Wautier. (Tea.) This Rose resembles in many characteristics that valuable sort, Duchess de Brabant. It is a vigorous grower. Makes a fine specimen plant. Very free flowering. The color is rosy pink, edged with silver. 50 cents per dozen, \$3.00 per hundred.

Virginia. (Tea.) This is a very fine yellow Rose. While the color is not so deep as some varieties, still it is very desirable. 50 cents per dozen; \$3.00 per hundred.

Viscountess Folkestone. (Hybrid Tea.) No Rose in our catalogue has grown in popularity during the last few years like Folkestone. It is unsurpassed among the Hybrid Teas. It is graceful to the last degree, with strong, heavy foliage. The flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a white Peony, but without a suggestion of stiffness. We have measured flowers of this variety six to eight inches in diameter. It is sweet-scented. We wish we could impress all our friends with the beauty of this Rose. A plant of Folkestone in the yard of a neighbor, that has stood out unprotected the past three Winters, had flowers on it the past Summer that were over seven inches in diameter. It looked like a huge Peony. It is a true ever-bloomer, and everybody should have Viscountess Folkestone. It will delight you. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

Viridiflora. The Green Rose. Moderately large, quite double, pure deep green. Valuable as a curiosity. 60 cents per dozen; \$3.00 per hundred.

White Bon Silene. (Tea.) A Companion to Bon Silene. This elegant variety is valued for its buds, which is identical with Bon Silene, except in color, which is pure white. It is a sport from Bon Silene, and has the same vigorous habit of growth. It is exceedingly fine for open ground planting. 50 cents per dozen; \$3.00 per hundred.

WHITE LA FRANCE.

AUGUSTINE GUINNOISEAU. (Hybrid Tea.)

If you were to ask us to select six of the very finest Roses for you, we should be sure to include this one in the six. It is identical with La France, except in color. It is pearly white, sometimes tinted with fawn. Don't fail to get this new Rose. 50c per doz.; \$3.00 per hundred; \$27.50 per thousand.

WHITE LA FRANCE.

WHITE MALMAISON.

WHITE MAMAN COCHET. The Charming New White Tea Rose.

Another new American Rose. It belongs to the Tea class, being a child of that grandest of bedding or outdoor Roses, Maman Cochet, and is hardy here in Northern Ohio, with slight protection in Winter. Its habit is exceedingly strong and upright, like its parent, and it possesses the same large, beautiful, healthy foliage, and is a most profuse and constant bloomer. The flowers are of enormous size, remarkably round and full, pure, clear, snowy white throughout, and are delightfully Tea scented. It is by far the finest and most reliable white bedding Rose yet produced. Anyone can have the very finest Roses for cutting all Summer and Autumn by planting a few plants of it. It is, without doubt, the largest white Rose, both in bud and flower. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

WHITE MAMAN COCHET.

White Perle des Jardins. (Tea.) We think that every lover of white Tea Roses will be delighted with White Perle. It will be found totally distinct from Bride or any other white Rose. A great Rose. 50 cents per dozen; \$3.00 per hundred.

Winter Gem. This is a Tea Rose of remarkably strong and vigorous growth, and a prodigious bloomer all the year. It flowers all the time, particularly during the Winter, hence its name. The blossoms are of large size and a lovely crimson purple color. Buds perfectly exquisite and the open flower full and double. It is the strongest, hardiest, most vigorous and rapid growing Tea Rose in cultivation. One plant of it will produce more good Roses throughout the year than any other Tea Rose grown. The plant will bloom continually, and nothing but killing it outright will check it. A great Rose for amateurs, and one that will bloom in any window at all times of the year. 50 cents per dozen; \$3.00 per hundred.

WHITE MALMAISON.

CROWN PRINCESS VICTORIA.

(Bourbon.) New. The color is a pure, waxy snow white, sometimes has a lemon tint, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Resembles that grand old Rose "Malmaison" in shape and fullness. 50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.

White Bougere. (Tea.) For open ground planting it has no superior. Flowers unusually large, deep, full, double, long, stiff stems, and borne throughout the season in great abundance. Color pure ivory white. Very beautiful. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

Climbing Ever-Blooming Roses

INCLUDING THE RAMBLERS.

Alister Stella Gray.

Golden Rambler. This is a new climbing Rose of decided merit, and is classed by many as belonging to the Rambler section of Roses. We know it to be a grand Rose, but have not tested its hardiness. You will make no mistake in buying it, as you will have a grand free blooming climbing yellow Rose. It is a continuous bloomer, laden with bunches of Polyantha-like buds of orange yellow. **50 cents per dozen; \$3.00 per hundred.**

America. Large, beautiful buds, flowers a rich, creamy yellow or fawn color. **50 cents per dozen; \$3.00 per hundred.**

Belle Lyonnaise. A lovely Rose, fawn, with shades of rose and yellow. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Climbing Malmaison.

This is identical with the old Malmaison, except that it is a vigorous climber. Indeed, it is the most rampant of all the ever-blooming climbers. This is already a fixture in our list of climbing Roses, from its decided merits. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Climbing Soupert. This is a climbing form of that grand variety Clothilde Soupert. The flowers and foliage are identical with that variety, differing in that the growth is a rampant climber, as free in bloom as its parent. This makes grand plants to grow in the field, and prune or train into bush form for Spring flowering, being much superior to the parent variety. **50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

CLIMBING KAISERIN.

MRS. ROBERT PEARY.

This is, without doubt, the grandest of all white climbing Roses. It is the first and only pure white, hardy, ever-blooming climbing Rose, and as such meets a demand that has never before been supplied. Small plants bloom continuously the first season, just as the parent, Kaiserin Augusta Victoria, does. It is as hardy as any Hybrid Perpetual or Moss Rose, and will withstand, unprotected, the most severe Winters. It is a strong, rapid grower, without a weak spot, growing to perfection in open ground, and throwing up numerous shoots ten to fifteen feet high in a single season. The flowers are something grand. They are the equal of the finest and most beautiful cut-flower Roses. Of splendid substance. They are extra large, full, deep and double, and are produced on long, stiff stems, like a forcing or cut-flower Rose. The buds are long and pointed, exquisitely modeled and gracefully finished. Both in bud and flower it is truly beautiful. It has a fragrance that is delicious, just like Cherry blossoms. If you want a quick-growing, absolutely hardy, climbing, sure-to-bloom Rose, one that will give you flowers this season, this is the only white variety that will do. Be sure to get this wonderful variety. Its magnificent flowers, freedom of bloom and healthy growth will astonish you. This is the greatest of all climbing Roses. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

CLIMBING KAISERIN.

Climbing Cecile Brunner.

In this fine Rose we have the exact counterpart of Madame Cecile Brunner, except that it is a rampant climber; flowers perfectly double and delightfully fragrant; color a rosy pink on a rich, creamy white ground; completely hides the bush when in bloom. **60 cents per dozen; \$4.00 per hundred.**

Climbing White Pet.

This Rose is quite popular where it is known and deservedly so. It is a rampant climber bearing its pure white flowers in immense clusters. Very fragrant. **50 cents per dozen; \$3.00 per hundred.**

Caroline Goodrich, or **Running General Jacqueminot.** This Rose has finely formed, very double flowers. Fragrance most delicious. A hardy climbing Tea, and should not be classed with the Hardy Climbers that bloom but once a year. Color the same as that of General Jacqueminot. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

Claire Carnot. Buff or orange yellow, peach blossom center, medium size, full and compact flowers, delightful Tea scent. Very pretty and desirable. **50 cents per dozen; \$3.00 per hundred.**

Climbing Wootton. New Hardy, Ever-Blooming Crimson Rose.

To our mind this is one of the best Roses in this book, for these reasons: It is hardy, has no weak spots; grows with wonderful vigor, blooms continually throughout the growing season, producing flowers that are nothing less than superb, both in beauty and fragrance. These we think are the points that make a good Rose, and in this variety we have one. It is a sport from that famous Rose, Souv. de Wootton, and is identical with it except that it is a strong, rampant climber, growing in one season to a height of 10 to 15 feet, and producing in wonderful profusion its superbly formed flowers, which are bright magenta red, passing to violet crimson, richly shaded. The flowers are large, full and regular, with thick, leathery petals, and deliciously scented. Makes beautiful buds. As an outdoor climbing Rose it will take front rank because of its hardiness, strong growth and freedom of bloom. A well developed bush covered with finely formed flowers is beautiful beyond anything we have ever seen. Truly this is a magnificent and valuable new Rose. **50 cents per dozen; \$3.00 per hundred.**

Cloth of Gold, or **Chromatella.** A clear golden yellow, large, very full and double, highly fragrant. Highly prized in the South for pillars and verandas. We have the true variety. Solitaire is sometimes sold for Cloth of Gold. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Celine Forestier. Deep sulphur yellow, large, full flowers, perfectly double, a fine bloomer and good grower. **50 cents per dozen; \$3.00 per hundred.**

Climbing Devoniensis. A sport from Devoniensis, from which it differs only in climbing habit of growth. It is fully as productive as the old sort, and, being more vigorous, is justly a grand Rose. White, tinged with blush. Very sweet. **50 cents per dozen; \$3.00 per hundred.**

Dorothy Perkins. **Splendid New Climbing Rose.** This valuable variety has been produced from seed of Rosa Wichuraiana crossed with pollen from that fine old Rose, Madame Gabriel Luizet. It is of quite upright habit of growth, but retains the remarkable vigor of the seed parent, often making a growth of from ten to fifteen feet in a single season. In the important point of hardiness, nothing more could be desired, two unusually severe Winters having failed to injure even young plants, although during one of them the temperature went as low as twenty degrees below zero, and there was not the usual snow fall to protect them. In its foliage, growth and habit of blooming in immense clusters, it is remarkably like Crimson Rambler, but the flowers are more double and of a beautiful shell pink color and hold a long time without fading. Even after they commence to fade the color is still pleasing, being then a lovely deep rose. The petals are very prettily rolled back and crinkled. The buds are remarkably handsome, being pointed in shape and of just the right size for the button-hole. The flowers are very sweet-scented, a characteristic not possessed by most other Roses of the Rambler family. Will rival Crimson Rambler as a pot plant. **\$1.25 per dozen; \$8.00 per hundred.**

Empress of China, Or Apple Blossom Rose. This is a hardy climber that possesses great merit. It is a strong, rampant grower, and a very free bloomer. Flowers of good size, soft red, turning lighter as it opens. It blooms from May to December in the open ground. It will, in our estimation, become a standard variety for florists' use to bloom in pots for market purposes, as it is such a free and persistent bloomer. Introduced from China. **50 cents per dozen; \$.00 per hundred; \$25.00 per thousand.**

Estelle Pradel. See Zella Pradel.

Fortune's Double Yellow. **Beauty of Glazenwood.** Hardy. Bronzed yellow or copper and fawn color. **50 cents per dozen; \$3.00 per hundred.**

Golden Chain, Or Climbing Safrano. Reve d'Or.) A beautiful pillar Rose, being a strong climber. Color orange yellow or deep saffron. Good size, full and sweet. **50 cents per dozen; \$3.00 per hundred.**

Gold of Ophir. **Ophire.** Nas-turtium yellow, suffused with coppery red. One of the most beautiful of the climbing Roses. **50 cents per dozen; \$3.00 per hundred.**

Gainsborough. We are very proud to bring this fine Rose to the notice of all rosarians, be they amateur or professional. It originated with us three years ago, since when we have given it the most thorough trial, and we are fully convinced that for a hardy ever-blooming climber it has no equal, even eclipsing that grand variety, Mrs. Robert Peary. For beauty and size we place this variety at the head of the Hybrid Teas. The foliage is an exact counterpart of its parent, Viscountess Folkestone. Its delicate colors are hard to describe, being delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it resembles a large, fine, white, fluffy peony, but without a suggestion of stiffness, often measuring eight to nine inches in diameter. An enthusiastic admirer describes it as a Rose reminding him of a beautiful girl wearing a light colored Gainsborough hat, ornamented with white ostrich plumes. Hence the suggestion of its name. Be sure and try this grand Rose. **\$1.00 per dozen; \$7.00 per hundred; \$50.00 per thousand.**

James Sprunt. Deep cherry red flowers, medium size, full, very double and sweet. A strong grower and profuse bloomer. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

MARECHAL NIEL.

Lamarque. Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. A rampant climber. **50 cents per dozen; \$25.00 per hundred; \$25.00 per thousand.**

Marechal Niel. **(The World-Renowned Rose.)** A beautiful, deep sulphur yellow, very full, very large and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is permitted to grow until it has attained a large size, as it will in a few years, it yields thousands of beautiful golden yellow flowers. Especially desirable in the South. We sell annually fifty thousand of this Rose alone. This is the best known of all Roses. **50 cents per dozen; \$3.00 per hundred; \$27.50 per thousand.**

Madame Alfred Carriere. Extra large, full flowered, very double and sweet. Color a rich, creamy white, faintly tinged with pale yellow. Exceedingly beautiful. It is a strong, hardy climber and free bloomer. **50 cents per dozen; \$3.00 per hundred.**

Mrs. Robert Peary.
See Climbing Kaiserin.

Mary Washington.
Its flowers are of medium size, pure white, perfectly double to the center, sweet, and borne in endless numbers in large clusters all Summer. Vigorous and rapid grower. One plant of Mary Washington will produce more flowers and buds than a dozen ordinary Roses. Its fragrance is tinged with the old-fashioned musky flavor so much admired in olden times. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Pink Rambler.
(*Euphrosyne*.) The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful Climbing Roses. We now have the Crimson Rambler, the Yellow Rambler, the White Rambler and the Pink Rambler. This Rose is as charming as any of its rivals, embracing all their good qualities of hardiness, vigorous growth, profuse blooming and delightful fragrance. Be sure and have a set of the Rambler Roses. **\$3.00 per hundred; \$25.00 per thousand.**

Philadelphia Rambler.
It differs from Crimson Rambler in three important points. The color is deeper and more intense. The flowers are perfectly double to the center, very durable and of fine substance. The blooms are almost entirely free from the faded look often found in Crimson Rambler. It is very free in both growth and bloom, and will be found a splendid addition to the Crimson Rambler section. **\$1.00 per dozen; \$7.00 per hundred.**

Psyche. The New Rambler Rose. Received the reward of merit of the Royal Horticultural Society of England. A cross between Crimson Rambler and the Polyantha Rose Golden Ferry. In growth and habit it much resembles Crimson Rambler. The flowers are produced in clusters of eight to thirty-five, and are two to two and a half inches across when fully expanded. The color is white, suffused with salmon rose and pink, with yellow base to the petals. A real companion to Crimson Rambler. The horticultural press of England gives it very flattering comment as described at the various exhibitions. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Queen Alexandra. (New. Of Crimson Rambler Type.) Very much like Crimson Rambler in growth, with pink blooms. Received the Gold Medal of the National Rose Society in England, and has received the highest commendations of the English press as a worthy companion for Crimson Rambler, in a beautiful shade of rose-pink. Has the true Rambler foliage and growth. **75 cents per dozen; \$5.00 per hundred.**

Reine Marie Henriette. Red-flowering Gloire de Dijon. A strong, vigorous grower, flowers large, full and of fine form. Color a pure cherry red, and sweet scented. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Solfaterre. Fine, clear, sulphur yellow, large, full and double. Very sweet. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

White Rambler.

Thalia. This charming new Rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is, without question, the very best climbing Rose extant. **\$3.00 per hundred; \$25.00 per thousand.**

Waltham Queen.

This is a valuable acquisition. It is hardy in the North. We had plants of this variety out last Winter which stood a temperature of zero without injury and have bloomed continuously the past season. It is a strong grower and continuous bloomer. The flowers are large, full and sweet. The color is a rich, scarlet crimson, and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich, red flowers of magnificent size. **50 cents per dozen; \$3.50 per hundred; \$25.00 per thousand.**

William Allen Richards.

Orange yellow, with outer petals lighter, center coppery yellow. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

White Marechal Niel. A sport from the world famous Marechal Niel. It is a fine grower, and produces its lemon white flowers in even greater profusion than its parent. Is strongly tea scented and is a fit companion for trellis or arbor training with the yellow Niel. **50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

YELLOW RAMBLER.

(AGLAIA.)

Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose we think this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of the climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch. The color is a decided yellow. **\$3.00 per hundred; \$25.00 per thousand.**

Zelia Pradel. Vigorous climber. Has lovely pure white buds. Flowers are full and sweet. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

TENNESSEE BELLE. Flowers a bright, beautiful pink. It is more slender and graceful in growth than any of the other varieties.

BALTIMORE BELLE. This elegant Climbing Rose is a pale blush, variegated carmine rose and white. It is very double, and flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. It is one of the very best Climbing Roses.

GREVILLE, OR SEVEN SISTERS. Flowers in large clusters, and varies in color from white to crimson.

Polyantha, or Fairy Roses.

Price, 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand, except where noted.

CLOTHILDE SOUPERT.

Its color is a pearl white, with a vivid carmine rose center, which fades after a little, leaving the Rose almost white. It is a constant bloomer, quite fragrant, and cannot fail to be a splendid market plant for growing in pots for Spring sales. In addition to its suitability for market purposes, it will be very useful to the cut-flower worker, forming, as it does, nice sprays of open flowers and half-open buds. **50 cents per dozen; \$3.00 per hundred.**

ETOILE D'OR.

PAQUERETTE.

We consider this the best of all Polyantha Roses. The flowers are pure white; about an inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling the blossoms of the double flowering Cherry, and fully equals the double white Primrose in profuse blooming during the Winter. This is a variety that everyone is pleased with.

PETITE LEONIE.

Flower small, full and imbricated, the outer petals porcelain white, center carmine lake. Extra fine variety.

PRIMULA. (New Polyantha.)

A very showy, low-growing little bush, completely covered with cup-shaped flowers, semi-double, which are china-rose at the edges and snow white in the center. The arrangement of the colors reminds one of the Chinese Primrose. A pretty bedding plant. **75 cents per dozen; \$5.00 per hundred.**

NOTICE.—We cordially recommend these exquisite Ever-blooming Fairy Roses. They are of a shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding as well as for edging, borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before Winter begins.

Hybrid Perpetual Roses

Our Hybrid Roses are fine, strong plants, with healthy foliage and bright roots.

Price, 50 cents per dozen; \$3.50 per hundred, except where noted.

Alfred Colomb. Justly celebrated as one of the very finest; extra large, round flowers, very double and full; color clear cherry red, passing to bright, rich crimson, very fragrant.

Anna de Diesbach. **Glory of Paris.** An offspring of the famous old favorite, La Reine, and also the seed parent of that glorious variety Paul Neyron, which facts should be effective evidence of its good qualities. The color is the most lovely brilliant carmine; long, pointed buds and large, finely formed, compact flowers, very full and double and delightfully sweet. A vigorous grower and fine bloomer, one of the really good Roses.

Ball of Snow. **Boule de Neige.** A finely formed, pure white Rose, occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged; flowers of good size.

Black Prince. Much sought after because of its splendid dark crimson flowers, which are shaded so deeply as to be almost black. Cupped, large, full, fine shape. Very hardy.

Baronne de Bonstettin. Splendid large flowers, very double and full; color rich dark red, passing to deep velvety maroon; highly scented and very beautiful.

Captain Christy. The flowers are of magnificent form, very double and stand erect in their martial bearing. The color is a flesh delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer. **60 cents per dozen; \$4.00 per hundred.**

CLIO.

CLIO.

Two first-class certificates; award of merit Royal Horticultural Society. This variety is of very vigorous growth, and has large, handsome foliage. The flowers are flesh color, shaded to the center with rosy pink; they are very large, of fine globular form, and freely produced. A grand addition in the style of Baroness, and unquestionably the finest of all Roses for flowering in pots and forcing.

Cheshunt Hybrid. This Rose is growing in favor as it becomes known. A most beautiful deep rose or red.

Coquette des Alpes. A lovely, pure white Rose. Very full and free in flower. Delicious fragrance.

Countess of Roseberry. We have in this charming variety probably the most beautiful Rose grown. No other Hybrid can approach it in exquisite coloring. Indeed no one would take it for a Hybrid, as it is as delicate and beautiful in its tints as the most gorgeous of the Teas. The color is satin pink in the center, and deepens to the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. It has completely captivated us. Very free flowering, and a good grower. Be sure and try it.

DINSMORE.

For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—that is, one which was of good color, fine form, profuse bloomer, and which would stand the rigors of our Western Winters without protection, and we can conscientiously say that until the Dinsmore was produced there was none, to our knowledge, that combined all these qualities. It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long, being more profuse than most of the tender, ever-blooming Roses. The flowers are large, perfectly double, and of a dazzling scarlet crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses. We have proved the Dinsmore to be entirely hardy. It blooms incessantly, and is one of the most beautiful of bedding Roses.

Duke of Edinburgh. One of the old stand-by dark red Roses for the garden.

Earl of Dufferin. A grand, deep, rich red Rose; large and fragrant.

Francois Levat. A very beautiful Rose. Soft China pink, delicately shaded carmine and blush, large, finely-formed flowers, fragrant.

Gloire de L'Exposition Bruxelles. Flowers are finely formed, large and perfectly double. Color a bright crimson, of velvety texture. A Rose of unusual merit. We are pleased with it.

General Jacqueminot. A rich, velvety crimson, changing to scarlet crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

DINSMORE.

Giant of Battles. This is still esteemed as the very best, rich, red Rose. Very large, double, full and sweet. Excellent.

Gloire de Margottin. This grand, new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the very finest varieties of recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is a clear, dazzling red. Certainly one of the most brilliant Roses ever seen. It is a free bloomer and vigorous grower, and is recommended for its great beauty and wonderful color.

Gloire Lyonnaise. This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon yellow, deepest at the center, sometimes passing to a rich, creamy white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you.

General Washington. Color bright shining crimson; flowers are large and perfectly double; blooms the first season and almost constantly. **60 cents per dozen; \$4.00 per hundred.**

John Hopper. One of the most reliable and satisfactory Hybrid Perpetual Roses; flowers are large, very regular and full; color brilliant rose, changing to bright glowing pink, shaded with rich crimson; very sweet and remarkably profuse bloomer. **60 cents per dozen; \$4.00 per hundred.**

JUBILEE.

This grand Rose was awarded the gold medal by the Massachusetts Horticultural Society, the only Rose to obtain that honor. It is the finest dark red hardy garden Rose yet produced. A pure red in its deepest tone, shading to deep crimson red and velvety maroon red in the depths of the petals. It fairly glows in its rich warmth of coloring, and has a rich, velvety finish of its own containing the darkest color combined with pure color of which Nature is capable. It is a hardy ever-bloomer, and an acquisition to any collection of Roses. Offered for the first time. See cut on page 24. **50 cents per dozen; \$4.00 per hundred.**

Lady Helen Stewart. A bright, scarlet crimson, flowers fully rounded out, petals large and thick, highly perfumed, very beautiful.

La Reine. A beautiful, clear, bright rose, fine, full form, very fragrant. It is well named "The Queen."

Louise Van Houtte. A rich crimson, heavily shaded with maroon and beautifully formed double flowers.

Mademoiselle Marie Ready. A clear, bright red, finely pencilled with rich maroon, very large, full flowers, fragrant and beautiful.

**Marchioness of Lorne.**

This fine new English Hybrid Perpetual was introduced by Messrs. William Paul & Son, of London, who say: This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fragrant rose color, slightly shaded in the center with vivid carmine. They are large and very sweet, full and finely cup shaped. Petals large and buds long and handsome. It is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud. **50 cents per dozen; \$4.00 per hundred.**

Margaret Dickson.

Class Certificates in England. This magnificent new white Hybrid Perpetual Rose was raised and sent out by Messrs. Alexander Dickson & Sons, of Belfast, Ireland. It is unquestionably the greatest acquisition made in Roses for the past ten years. Some idea of its beauty and worth can be formed from the fact that wherever it has been exhibited in Great Britain it has carried off the first honors, receiving in one year the gold medal of the National Rose Society of New England and six first-class certificates. No other Rose has ever received so many certificates of merit in a single year. We have no hesitancy in saying it is the best white Hybrid Perpetual for planting in the garden. The color is white, with pale flesh center, petals very large, shell-shaped, and of immense substance. The flowers are of magnificent form, produced singly on long, stiff stems, and very double, and have the true magnolia fragrance. The habit of growth is vigorous, with large, luxuriant foliage. **60 cents per dozen; \$5.00 per hundred.**

Awarded the Gold Medal and Six First

Madame Masson. An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try this variety.

Madame Alfred de Rougemont.

Strong, vigorous grower. begins to bloom at once, and continues until stopped by severe freezing. Pure snow white flowers finely tinted and clouded with pale, rosy blush. Large, full and double, and borne in large clusters. Fragrant and good.

Madame Charles Wood. A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues throughout the season. The flowers are extra large, very double and full, and quite fragrant. Color a bright, fiery scarlet, passing to fine, rosy crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting.

Madame Plantier. The iron-clad white cemetery Rose. This is the old standby, and is unequaled where a hardy white Rose is needed. It bears thousands of beautiful, snowy white, fragrant Roses. It is hardy as an oak.

ROGER LAMBELIN.

See description and price on page 25.

Mrs. John Laing. A splendid, constant-blooming Hybrid Perpetual, perfectly hardy, with immense flowers, full and double, borne in great profusion on long, stiff stems, and exceedingly sweet. Paul Neyron. Deep, shining Rose, very fresh and pretty; flowers very large, often measuring five inches in diameter. Without doubt the largest flower of all Roses, and it has this merit—though very large, the buds always develop fine, perfect Roses. It is moreover, a good strong grower, with nice, almost thornless stems, which often attain six to seven feet in a single season. We know of no Rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the Eastern cities for its good, free-blooming qualities.

President Lincoln. A bright red Rose of the richest hues—Large, full and fragrant. Excellent.

Prince Camille de Rohan. This variety is always a prime favorite with everybody. The richest crimson.

Perfection des Blancches. A finely formed pure white Rose. Occasionally shows white flesh when first opening. Beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush.

Roger Lambelin. One of the most remarkable Roses yet offered. The petals are irregular on the edges like a double Petunia; the color is glowing crimson throughout, except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and most unique combination of colors known in Roses. The growth is free and vigorous, and the fragrance is delightful, equal to the finest of the hardy Roses. This is a "novelty" of the most striking order. See cut on page 24. **75 cents per dozen; \$5.00 per hundred.**

Robert Duncan. (New.) (Dickson & Sons.) A new Irish variety of great merit either for garden decoration or for cut flowers. The color is bright crimson, petals large, shell-shaped and of immense substance; flowers very large, full and perfectly formed. ROSA WICHURAIANA.

The Single White Memorial, or Japanese Trailing Rose. This is a new and distinct class of trailing Rose, making a perfect carpet with its creeping habit. It is very useful for permanent planting in cemetery pots, or on slopes or rockeries, as it is entirely hardy, and produces its charming white flowers in the greatest profusion during the entire Summer. This Rose has come to stay, and is, without question, a decided acquisition. There are several colors distinct from this that will be offered the coming season. Try this Rose.

ROSA WICHURAIANA RUBRA.

The great value of the "Memorial Rose" has been fully demonstrated and more than justifies our confidence in its utility for the purposes for which we recommend it. Many seedlings have been raised from it, but none had the true *creeping habit* of the parent, they were all more or less semi-climbing. In this new variety, however, the habit and foliage of the white "Memorial Rose" are reproduced, but the flowers are a brilliant carmine-red. They are as large as the white variety, of lustrous texture, deliciously fragrant. It makes a charming contrast with the white variety. It can be grown the same as it—in fact, it is a perfect companion for it. This fine new variety will become equally popular with the white, and we confidently recommend it as a novelty of pronounced merit. **75 cents per dozen; \$5.00 per hundred.**

PINK PEARL. The Hybrid Wichuraiana.

(Novelty 1901.) A splendid variety, with double pearl pink blooms when open, crimson in bud, foliage leathery and glossy, and very nearly evergreen. The finest Wichuraiana Hybrid yet produced. **75 cents per dozen; \$5.00 per hundred.**

Manda's New Evergreen Memorial Roses.

PRICE, 50 CENTS PER DOZEN; \$3.00 PER HUNDRED.

The foliage of all is leathery in texture, shining, and not only proof against insects, but evergreen—that is, keeping the foliage all Winter—a characteristic in Roses never before obtained. The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut-flower purposes, as much as any greenhouse Tea Rose, especially when in bud. The use of these Roses will be unlimited—for trailing or covering ground where nothing else would grow, to cover roots, stumps and stems of trees, walls and trellises, for cut flower purposes, and also for forcing as pot plants during Spring, especially for Easter."

JERSEY BEAUTY.

Extremely vigorous grower, foliage thick, of leathery substance, flowers singly or in clusters of two to four, large, single, three inches in diameter, opening pale yellow with clusters of bright yellow stamens, which give it a novel appearance. Fragrant.

GARDENIA.

Strong grower, flowers produced singly on stems one-half to one foot long. When in bud hardly distinguishable from *Perle des Jardins*, bright yellow, and when open cream color, three to three and one-half inches in diameter, incurving towards evening to perfect imitation of a *Gardenia* or *Cape Jasmine* as to shape and color; hence its name. Flowers delightfully fragrant, and produced freely. A grand Rose for any purpose.

EVERGREEN GEM.

The most wonderful grower of the set. Flowers produced singly on stems, yellow, buff in bud, opening to almost white, two or three inches in diameter, perfectly double, and of a delightful, sweet-briar fragrance. We consider this the best plant of the set.

JERSEY BEAUTY.

ACALYPHAS.

ACALYPHA SANDERII.

Acalypha Sanderii.

This plant goes under various names, such as "Chenille Plant," "Philippine Medusa," "Comet Plant," "Dewey's Favorite Flower," "Bloody Cat Tail," etc. Without doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong, free growth, with large, dark green leaves, from the axil of which rope-like spikes, from one to two feet long and nearly one inch thick, are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the beauty and distinct warm coloring of this splendid acquisition. But the remarkable floriferousness and the great size of the spikes of flowers (compared to the plant) are fairly well shown. The plant is in flower the year round, and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty. **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

New Acalypha Bi-Color Compacta.

A most wonderful plant. It surpasses the finest Coleus or Begonia in the beautiful coloring of leaves, which are bright green, margined with a wide, irregular band of lemon yellow, and having wide yellow bars running lengthwise of the leaf and also thickly dotted with yellow blotches. This is entirely distinct from all other Acalyphas and is a first-class plant for greenhouse decoration; it has wonderful qualification for bedding, as it will stand bedding out like a Coleus, in fact, in the sunniest places it produces the highest coloring. The leaves are large, oval-shaped, varying in size, the larger leaves measuring $4\frac{1}{2}$ inches wide and 8 inches long. Habit of growth is compact, with free branching habit, rarely attaining a height of over 12 to 18 inches and will be indispensable for bordering when better known. Winning Gold Medal at Kansas City Flower Show for the best new plant of its kind. **Price, strong, well-established plants, from 2 1-2 inch pots, 25 cents each; \$2.00 per dozen; \$10.00 per hundred.**

Mountain Beauty. Rosa de Montana, or Queen's Wreath. This is really a wonderful vine, which will excite the admiration of the amateur planter. Superb, brilliant flowers. **50 cents per dozen; \$3.00 per hundred.**

CHINESE AZALEAS

AZALEA INDICA. (Chinese Azalea.)

Chinese Azalea.—No plant has increased in popularity during recent years with such amazing rapidity as the Chinese Azaleas. A few years ago the annual importation of these from Belgium into the United States would hardly exceed twenty-five thousand. To-day it reaches five hundred thousand. At Easter they are seen in every church and in the windows of our finest residences. The ease with which they can be grown, their diversity of color and freedom of flowering will always keep them in public favor. The plants we offer are all set with buds, and are beautifully trained specimens, and will flower in the Springtime in any ordinary living room. We give their time of flowering, so you can have a succession of bloom. In summer set out-of-doors in the shade and keep moderately wet. **Plants ten to twelve inches in diameter, 50 cents each; \$4.00 per dozen; \$30.00 per hundred.**

Araucaria Excelsa.

ARAUCAARIA EXCELSA.

Norfolk Island Pine.—Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others have called it the "Star Palm" because the leaves are arranged to form a perfect star; but no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house, and is highly ornamental. It requires the same culture as the Palm. **Five plants, four-inch pots, twelve inches high, three to four tiers of leaves, 85 cents each; \$9.00 per dozen.**

Hybrida Multiflora.—This beautiful plant makes handsome specimens with its graceful branches and pendulous flowers of bright rosy pink. Very floriferous.

Margarite.—Leaves bronze green, with purplish cast. It grows in round, bushy form. Very free-flowering, large trusses of delicate cream and rose colored flowers.

McBethii.—Shrubby in growth, with very deeply indented leaves, which are fine and small. Very free-flowering, being constant the year round. A fine Summer bedding plant if given light soil and perfect shade. Put it among your Ferns. White flowers, waxy texture. Carried in panicles.

President Carnot.—The leaves are smooth, long pointed and prettily blotched. The body of the leaf is a dark green, studded with bright, silvery spots. Covered with handsome rosy white flowers. A splendid house Begonia, being of quick growth, and having both handsome flowers and foliage makes it very desirable.

Rubra.—If you can have only one Begonia let it be a Rubra. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendent panicles of coral-colored flowers as large as a hand. Medium sized plants are frequently seen with more than twenty such panicles at a time. Among the individual flowers you will find three distinct forms growing side by side.

Robusta.—Bright rose and pure white. Coral red buds. This is a very desirable variety.

Sandersonii.—(The Coral Begonia.) One of the best flowering Begonias. The flowers are of a scarlet shade of crimson, borne in profusion for months at a time. Resembles coral.

Begonia Rex, or King of Begonias.

The king of foliage plants. **60 cents per dozen.**

New Trailing Begonia, Majorie Daw.

This Begonia is distinct from all other Begonias, for instead of growing upright it droops. It bears great clusters of large, shining pink flowers that droop from the long stems, making a beautiful sight. For single specimen pot plants or for baskets and vases "Majorie Daw" is proving one of the best plant introductions in years. **75 cents per dozen.**

Browallia Gigantea.

New. A charming new flowering plant that may be put to many useful purposes. The plant is a strong, compact, bushy grower, producing a profusion of florets about one to one and a half inches in diameter, of an intense indigo blue, fully as intense as the Marie Louise or California Violet. It bids fair to supplant the Lobelia as a bedding plant, is valuable for cut flowers, as it is never out of bloom, and may be grown as a flowering plant for Easter. **50 cents per dozen; \$3.00 per hundred.**

Bougainvillea Sanderiana.

This beautiful free-flowering plant was introduced recently, and on account of its free-blooming qualities has become very popular, especially as a plant for Easter decorations. It is of a strong, rapid growth, and the brilliant rosy crimson blossoms in large racemes are produced from early March until mid-Summer. In fact, a well-grown specimen will frequently flower the greater part of the year. Altogether a most desirable subject for the conservatory or window garden. **Strong plants, from two and a half inch pots, 75 cents per dozen; \$5.00 per hundred.**

Cyclamen Persicum Giganteum.

Persian Violet.—This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short stout stems, and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also beautiful. **50 cents per dozen; \$3.00 per hundred.**

Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants, and are also one of the handsomest house plants

Our collection of Coleus is the finest in the land, in any color desired. **30 cents per dozen; \$2.00 per hundred; \$15.00 per thousand.**

New Coleus, Christmas Gem.

The foliage of this most beautiful Coleus is simply indescribable. The leaves, when fully developed, are ten inches long by eight inches in width. The prevailing color is crimson, interlaced with green, carmine, yellow, chocolate, etc. It is, without doubt, the most strikingly handsome of all foliage plants. **75 cents per dozen; \$3.00 per hundred.**

Coleus Thyrsoides.

New Flowering Coleus. **50 cents per dozen; \$3.00 per hundred.**

Clematis Paniculata. Japanese Virgin's Bower,

One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in large panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. The clusters are borne on long, slender stems, which stand out boldly from between the glossy green leaves, and the gentlest breeze causes wavy crests of white to flow gently over the surface. The fragrance is delicious, resembling the English Hawthorn blossoms. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. **60 cents per dozen; \$4.00 per hundred.**

Coccinea.—Bright vermillion scarlet; cone shaped. **75 cents per dozen; \$6.00 per hundred.**

Calla Ethiopica. Egyptian Lily.

This is the well known Egyptian Lily, or Lily of the Nile, with large, white flowers, broad foliage, and it will prosper under very adverse circumstances. **Extra strong bulbs, \$1.00 per dozen; \$6.00 per hundred. Smaller bulbs, but blooming size, 50 cents per dozen; \$4.00 per hundred.**

It is our good fortune to have come into possession of this most valuable of all Callas. The following facts will convince anyone of its great superiority over the old sort. Notwithstanding their size, the flowers have a great deal of substance and are very showy and effective. A very free bloomer, bearing a large number of flowers on each spike. Martha Washington.—Fine bright pink. Extra. 50 cents per dozen; \$3.00 per hundred.

Madame Crozy.—Bright crimson edged golden yellow. Extra fine. 50 cents per dozen; \$3.00 per hundred.

MONT BLANC has a vigorous constitution and produces its large beautiful white flowers on strong branching stalks well above the foliage. It blooms early and continuously in the greatest profusion during the whole growing season, until stopped by freezing weather. Its foliage is a bright glossy green, very large and handsome, and so thick and leathery it is not often injured by rain or wind. It is a strong-growing, vigorous variety, and will produce from fifteen to twenty flower stalks in a season. Souvenir de Antoinette Crozy.—Rich crimson scarlet, with wide border of gold. 60 cents per dozen; \$4.00 per hundred.

Tarrytown, The Finest of all New Cannas, No Variety Approaches It for Display.—The flowers are large, but its particular value lies in the earliness with which it blooms, the abundance of flowers produced, its branching habit, and the length of time the flowers remain after they open. Another point of superiority is the fact that the flowers are thrown well above the foliage, and the heads of bloom are held very evenly, and so freely produced that the foliage is almost hidden. One characteristic of this variety which largely gives it its wonderful branching habit, is that two or three spikes of flowers are in bloom on the same stem at the same time, producing a mass of bloom. The flowers, which are an exceedingly brilliant carmine crimson, have decidedly more substance than any other variety, and last for an unusually long time. \$1.25 per dozen.

Camellia Japonica.

This is the Famous "Japonica" of the South.

Leaves glossy green, flowers of exquisite beauty and waxy texture. From pure white to crimson, in almost endless variegation, the pure white ones generally prized above the colored varieties. Shasta Daisies. New.

The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type, which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals of the purest glistening whiteness, which are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it for usefulness. **60 cents per dozen; \$5.00 per hundred.**

FICUS ELASTICA.

BEAUTIFUL FERNS.

Adiantum Formosum and Pteris Wamsetii. Dwarf Ferns for dishes. **50 cents per dozen; \$3.00 per hundred.**
Nephrolepis Exaltata Bostoniensis, Boston Sword Fern.—This differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, making it an excellent plant to grow as a single specimen on a table or pedestal. **Good plants from two and a half inch pots, 50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.**

Nephrolepis Davallioides Furcans.—This is a lovely crested variety and is often called the Fish Tail Fern. **Fine plants from two and a half inch pots, 60 cents per dozen; \$5.00 per hundred.**

Pteris Tremula.—(Shaking Fern.) The slightest movement of the air shakes the leaves of this Fern, which we recommend as being very desirable for house culture. It grows readily and very fast. **50 cents per dozen; \$4.00 per hundred.**

Nephrolepis Piersoni.

The Pierson Fern.—The character of the frond is well shown in the photograph on this page, although the picture conveys a slight idea of the grace and beauty of the feathery, plume-like fronds, which more nearly resemble the graceful ostrich plume than anything else in nature to which we can compare them. One has to see a plant in growth to appreciate its beauty and value. The fronds grow broad and heavy, measuring at least six inches across when fully developed, increasing in beauty as they develop. On account of the weight of the foliage the plant assumes an exceedingly graceful appearance, and owing to the fullness of the fronds, even small plants are well furnished, making much more symmetrical and beautiful plants than the Boston Fern. The divided pinnae, or the miniature fronds, keep growing constantly, showing two distinct shades of green, the ends being a light green, while the center and main part of the fronds show a dark, rich shade, the contrast producing a very beautiful effect, greatly enhancing the beauty of the plant. It is wonderfully valuable, not only on account of its beauty, but also on account of its ease of culture, hardiness and general adaptability. It has all the free-growing, hardy characteristics of the Boston Fern, and, like that plant, is equally suitable for house culture and a much more beautiful plant for greenhouse and conservatory decoration. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the most phenomenal sale of any decorative plant that has ever been grown, but which cannot be compared to Nephrolepis Piersoni for beauty and general effectiveness. Every one who has seen it is charmed with it. As some one has expressed it, "There is nothing like Nephrolepis Piersoni in cultivation. In decorative effect it is so far out-distances the original variety (the Boston Fern) that there is positively no comparison to be made." We consider it the most valuable novelty that has been introduced in many, many years. It has taken gold medals wherever shown. **Fine plants from 2 1/2 inch pots, 50 cents each; \$4.50 per dozen; \$25.00 per hundred; \$200.00 per thousand.**
